PIPE CUTTING APPLICATIONS - GAS PIPELINE

Customer:	Murphy's Pipelines
Client	National Grid
Job Description:	To cut 2 off 13.75" pipe cuts
Job Location:	National Grid Pentonville Road London
Job Date:	10.12.06
Equipment:	1 x 14" Rapid Pipe Cutting Machine
Results:	This old cast iron pipe ran under a very busy road. There were concerns of fracture due to weight of traffic. They decided to introduce a 2m length of polyurathene pipe to allow movement. Our job was to cut out the 2m piece.
